

DOOR TO DOOR WASTE COLLECTION

ONLY WE CAN MAKE A DIFFERENCE

For a few years now, the City of Orvieto has been working to reach the objectives for the differentiated collection of waste required by law. In fact, door to door waste collection began in March 2013 for the entire city.

This work has been shared and done by the people and has led to an increase in the amounts of separately collected waste but, despite this growth, the objective to be reached is still far away...

From a random analysis of the differentiated waste done in July, we discovered that about 50% of the materials in the black bags were recyclable: **more attention needs to be paid in correctly assigning organic waste, paper, plastic and glass.** This Administration has appointed a special Environmental Police who, travelling around the area is checking the correctness assigning of the materials, can identify the criticality and intervene, even giving administrative sanctions where necessary. **Only the commitment by each one of us, in correctly separating the materials, will allow us to reach the level of 65% of differentiated waste as required by Italian law.**

WHAT TO SEPARATE

PAPER

newspapers and magazines, notebooks and sheets, books, paper sacks, cards, boxes, cardboard packaging material

ORGANIC WASTE

kitchen waste and leftovers, egg shells, coffee grounds and tea filters, fruit and vegetable waste, cut flowers and trimmings from house plants, tissues, used paper towels and napkins, potting soil from house plants

PLASTIC PACKAGING AND TINS

plastic bottles and containers for liquids, packaging cellophane and nylon, yogurt containers, plastic food crates, small jerry-cans, formed plastic containers (i.e. for eggs, toothbrushes, etc.), shopping bags and bags for the packaging of clothing, aluminium tins, steel tins, preserve tins, food tins, metal caps, aluminium trays, disposable plastic plates and glasses, polystyrene packaging material, food pouches (ex. pasta)

GLASS

Glass containers, bottles, glasses, vases and pots, small bottles and jars

NON-RECYCLABLE WASTE (NRW)

waxed paper or plastic coated paper, video cassettes, CDs and DVDs, ceramic earthenware, incandescent light bulbs, animal litter, diapers and sanitary napkins, razors, vacuum cleaner bags, synthetic sponges, disposable plastic flatware

HAZARDOUS WASTE

automobile and motorcycle batteries, expired medicines, dyes and paints, products labelled with the "hazardous material" symbol

ARE DELIVERED TO THE WASTE COLLECTION STATION

Expired medicines and batteries or even in the special containers near retailers or chemists, respectively

USED CLOTHING

dresses, hats, purses, linens and clothing accessories in good condition

ARE PLACED IN THE SPECIAL CONTAINERS LOCATED WITHIN THE TERRITORY

WASTE COLLECTION CALENDAR

The containers are put out in front of the residence's entrance after 20:00 the night before the day of collection and until 7:00 on the day of collection and are removed as soon as possible after emptying.
